# G Balaji Bharath

## Fullstack Developer

A reliable and a passionate individual looking to work as software developer. With a strong foundation in web development technologies, I am eager to contribute my skills to create innovative and user-friendly applications. I am a quick learner, a team player, and excited to embark on a journey of continuous growth in the field of full-stack development.

**Narayana Higher Secondary School**

*04/2018 - 03/2020*                          *Chennai*

*CGPA-8.0*

- science group

## PERSONAL PROJECTS

**Automobile application website - (College Internship for HCL)**

- automobile application is a website developed using frontend techstack and php for backend, developed as an intern for HCL Technologies. This is also deployed in GitHub.

**Forest Type Mapping using Machine Learning(cognibot) (08/2022 - 10/2022)**

- Forest type mapping is a Machine Learning Model developed using Python. It categorizes tree species, based on their color index on satellite images. the output can be used to identify and/or quantify ecosystem services provided by the forest, which has significant effect on environment protection.

**Meme generator(self-initative)**

**Personal portfolio(self-initative)**

**hotel website(self-initative)**

## WORK EXPERIENCE

### HCL Technologies
**College Internship (3months)**

*01/2023 - 03/2023*

### ZUNO by Foundit
**campus ambassador**

*06/2023 - Present*

## SKILLS

HTML · CSS · JavaScript · React · DSA · Java · Python · Css bootstrap · SQL · GIT

## ACHIEVEMENTS/PARTICIPATION

completed hacktoberfest for the year 2021 and 2022

open source contributor/maintainer

secured below top 5 ranks for css battles event conducted by the university

## CERTIFICATES

**Certification in Machine learning**
*cognibot labs*

**Python Certification**
*UDEMY*

**Modern javascript certification**
*UDEMY*

## LANGUAGES

**English**
*Native or Bilingual Proficiency*

**Tamil**
*Native or Bilingual Proficiency*
